

Please do NOT allow the Indiana No-Call law to be weakened. You can't imagine what a relief it was to be able to sit through dinner without being interrupted by sales people once the law took effect. It's hard enough to find time to sit down with my family.

When I talk to friends now in states that have no equivalent law, I hear constant complaints and I do remember the days before the law well. I empathize with them. Please, for once Indiana is in the forefront. Please let us stay there. This law is great and absolutely should not be weakened. Thank you.
